

The Editor's Notes

This will be a simple newsletter this month.

The most important item is that we will be meeting in Meeting Room A at the Lawrence Public Library, downtown Lawrence. The new parking garage is south of the building, and handicapped parking is along Vermont and in the new parking garage. At least, the City of Lawrence shows handicapped parking in the new parking garage.

The club is looking for a new home for the monthly meeting. We will be at the public

library for the next two months. We may try a different venue after that. If you have suggestions for a meeting place or are willing to offer a place for the club to meet, please contact Vice-president Jim Turner. The other space issue is where to work on the modules prior to the next train show. Again if you have a suggestion or want to offer a place we can use, please let one of the club officers know. Contact information for club officers is provided later in the newsletter.

Jim is still tracking down information on event insurance and insurance for the club layouts while they are in storage. Hopefully, he will have a progress report at this meeting.

I don't have a current club member list, and I keep meeting people that tell me they are no longer members. I'm tracking down a special group: nonmembers that no longer want to receive the newsletter, including former members, potential members that decided not to join, and nonmembers that have requested things to be posted in the newsletter. If you fall in this category, please let me know and I will remove your e-mail from my routing list. My contact information is provided with the club officers. Since I don't have a ruling from the club officers, former club members that wish to receive the newsletter will continue to do so.

Program and Map

The May Meeting of the Lawrence Model Railroad Club will be Tuesday, May 10 in Meeting Room A, Lawrence Public Library, 707 Vermont Street, Lawrence, Kansas (see map). The meeting will start promptly at 7:30 PM.

Program:

A short video will be shown. The topic was not provided.

Come check out the meeting facilities at the Lawrence Public Library. The club is looking for a new location for monthly meetings.

For Sale

Former club member Jon Dunham has some items for sale. Contact Jon at jondun@sunflower.com

President Steve Meseraull may have items for sale: stevesplace32@gmail.com

Lawrence Model Railroad Club

Goodyear Tire Factory: This model was entered as a commercial building in the model contest at the 2016 Lawrence Model Railroad Train Show and Swap Meet. This highly detailed model was one of many entries in this year's contest. The photograph was taken by Jack Rosenfield.

Meetings are at 7:30 P.M. on the 2nd Tuesday of the month.
