

Greetings from the Lawrence Model Railroad Club

Our 18th annual Train Show and Swap Meet is coming up and you are cordially invited to participate. Once again this year, it is being held at the Crown Toyota complex in Lawrence Kansas on Saturday and Sunday February 9th and 10th.

Crown Toyota is located at 3430 S Iowa in Lawrence. That puts it on US Hwy 59 immediately north of the K10 Lawrence Bypass Junction. It is the first business on the east side (right side if headed north). There is a Holiday Inn Express and Theater complex directly across the street (west side).

With the bigger space at our disposal we have room to grow. We are adding more attractions this year including more club layouts. The Barbed Wire food truck will be participating both days of the show.

I'm enclosing a vendor application and a copy of our flyer for the show. For more information and answers to questions contact me, The Show Vendor coordinator at:

John Cheffey

104 Liberty Street

Oskaloosa KS, 66066-5021

Phone # (816) 922-0154

Email address: jlcheffey@embarqmail.com

Also, check us out at: lawrencemodelrailroadclub.org

P.S. Let me know if you need access to electricity, need to be located near a certain vendor. If you have a particular way you want your tables set, include a drawing. We look forward to your participation in making this year's show a success for you and everyone involved.

Yours Truly

John Cheffey
